MINISTER RIVES—MORE CHARGES AGAINST LEVY, F. S. STOCK ISSUED.

SPECIAL CORRESPONDENCE OF THE NEW YORK HERALD.

WASHINGTON, March 7—8 P. M.

All the rumors as to a misunderstanding between Lord Darnley and Mr. Rives, or that the recall of the latter has been requested, or that it is contemplated to recall him, are wholly unfounded. The recent despatches from Geneva give no cause for supposing that friendly relations will be in any way interrupted.

The Grand Jury here have been engaged in the investigation of further charges against John P. Levy. They have issued a similar character to that upon which he has already been indicted.

The United States stock issued to foreigners during the late war, was \$84,000.

The largest loss was Leuning & Co., who lost two hundred casks of soda ash, and large quantities of soda, alum, and other drugs stored in No. 56. The fire caught in the section of soda stored in this building. During the fire the soda was scattered, washed out the lower walls, but happily no one was injured. Two firemen fell from a ladder, but suffered no serious injury.
